

YOU HAVE COVID-19 AND ARE MOVING FROM YOUR HOME TO JET PARK

Public Health staff will have called you to let you know that you have COVID-19. You are now required to isolate away from others so you don't spread the virus to anyone. Staying in isolation can help keep your family and community safe.

You have been asked to go to Jet Park, a quarantine hotel, where everything is provided for you during your stay.

You will need to stay in isolation until **72 hours after your symptoms** have stopped **and at least ten days** since your symptoms started. If you need to be admitted to hospital this will affect how long you stay in isolation. A medical team based at Jet Park will check your symptoms regularly and will let you know when you will be free to leave.

Public Health will arrange for you to move to Jet Park. This information is to support your move and help you know what to expect when you get to Jet Park.

ABOUT YOUR STAY AT JET PARK

- At Jet Park, you will get a bedroom, bathroom and TV. You will be given meals, have access to free Wi-Fi and a laundry service.
- The Jet Park team will support you and give you more information when you arrive. Maintain your bubble. Stay in your room as much as possible. Do not invite people to your room or visit other people or family members in their hotel rooms.
- If you start feeling more unwell – including symptoms such as fever, a cough, difficulty breathing or a sore throat, **please stay in your room and call 8998 from your room phone;** a health professional will come to check on you.
- Practising good cough, sneeze and hand hygiene is vital. Throw away used tissues. Wash your hands with soap and dry them well. Use a hand sanitiser if soap and water are not available.
- While moving to Jet Park, and when not in your room at the hotel, wear a face covering and make sure you practise good hygiene to protect others.

FREQUENTLY ASKED QUESTIONS

WHAT HAPPENS TO MY HOUSEHOLD MEMBERS?

The Public Health team will be in contact with members of your household who are close contacts.

If you usually share a room or home, the Jet Park team will discuss options for your partner/spouse or family member to either stay at home or move to Jet Park with you. If they move to Jet Park, they may be able to continue sharing a room with you, or they may need to stay in separate rooms. Staying in the same room as you may make their isolation time longer and increase their risk of becoming sick.

WHAT WILL HAPPEN TO MY CHILDREN?

If you have children, the Public Health team will work with you to see how best they can be looked after while you're in isolation. We understand that, in some cases, children will need to go with their parents or caregivers to Jet Park.

If your child is with you and doesn't have COVID-19 but later develops symptoms, tell the nurse who does your daily health checks. The child will need to be tested immediately. This may change the length of your stay at Jet Park but it is important to know if they get sick, so they can receive the right care and treatment.

WHAT WILL HAPPEN TO VULNERABLE FAMILY MEMBERS?

If you have family members who have been in close contact with you and who are vulnerable, they may need to go to Jet Park. The Public Health team will be in touch and work closely with you and your family members to support them.

WHAT DO I PACK FOR MY STAY AT JET PARK?

You should pack for a stay of at least ten days and bring the main items; clothes, toiletries, phone, charger and any medication. You may also bring entertainment items like books and laptops/devices.

You do not need to bring any food, as meals are provided. You are welcome to bring snacks, but please do not bring alcohol, food to cook, or cooking equipment. Bedding and towels are provided by Jet Park.

HOW WILL I WASH MY CLOTHES?

At Jet Park there is a system to get your laundry done in a safe way, so your clothes will be washed for you. Please follow the advice given to you at Jet Park.

WHAT HAPPENS TO MY PETS WHEN I AM IN ISOLATION?

The Public Health team will work with you on options for your pets while you're in isolation.

HOW WILL I STAY IN TOUCH WITH MY FAMILY AND FRIENDS?

There is free Wi-Fi so you can stay connected with your friends and family via texts, calls and video.

There is also an in-room telephone service. Calling between rooms within the hotel and for hotel services is free. External calling to mobile phones or other numbers is not free; it is charged per minute at hotel rates which you will need to pay for.

CAN I EXERCISE OR GO FOR A WALK AT JET PARK?

Yes, the Jet Park team will advise you on how you can go out for exercise or walks at specific times. When outside your hotel room wear a mask at all times, use hand sanitiser and keep two metres away from others.

BREASTFEEDING WHILE IN ISOLATION

The benefits of breastfeeding outweigh any potential risks of transmission if you have COVID-19. Your midwife or GP can provide further advice, or you can find more information at the [Royal College of Obstetricians and Gynaecologists website](https://www.rcog.org.uk/).
