Improving access to general practice services for former refugees and current asylum seekers in the Auckland Region (to 30 September 2020)

This service allows eligible former refugees and current asylum seekers* and their immediate family access to a range of either **free** Doctor/GP (General Practitioner) consultations or with a **possible small co-payment** (fee) for an extended consultation.

Conditions and actively participating general practices

What you need to know

The Role of the Red Cross Volunteers:

- Highlight the **importance** of using their local GP/Medical Doctor when needed.
- Highlight the **choice** of participating Practices on the flyer but note they can enrol with any Practice they choose.
- Highlight that this service will enable them to have **free** appointments (or with a possible **small payment** for longer appointments).
- Please **ensure** that 'Refugee status' is recorded on the Practice enrolment form when enrolling.
- At the time of enrolling at the GP Practice please **ensure** that the receptionist is aware of this service and that no payments should be passed onto the former refugee or current asylum seeker (unless it is the **possible** small co-payment from a longer visit).

The Role of the GP Practice Receptionist:

- Please **ensure** that 'Refugee status' is recorded on the enrolment form **and** within your Practice PMS, this is necessary in order for them to access this service and for your PHO to invoice their DHB. **This information will not be used for any purposes other than to ensure access to this service.**
- Please **ensure** that the Refugee/family members do not incur any/or minimal costs.

*Refugees include those who have re-settled in New Zealand under **one** of the following programmes: Refugee Quota Programme; Convention Refugee or Protected Person; Family Reunion Refugees; Asylum Seeker (letter from Immigration NZ confirming their claim) **and** have resided in New Zealand for 10 years or less.
